Hi Sarah,

Please see pictures attached.

There were no feces present at the time CARE team 212 arrived at the location and reported hazard area(s) was sanitized with permission from the property owner/representative.

The business owner who complained did express his frustration to the team and suggested a potty delivered to this surrounding and close to the designated hand wash stations.

His contact info is also attached.

Thank you.

Sincerely,

Nekpen Aimiuwu
